

News @ Noosa

from the President

3rd Aug 2018

Congratulations to our Club's Awards of Excellence recipients at the Sunshine Coast Branch Gala Dinner last weekend. *Lara Porter* won the U18 Lifesaver of the Year, *Lana Rogers* the Open Athlete of the Year, *Lana Rogers*, *Jordan Mercer* and *Electra Outram* the Team of the Year and *Barry Leek* the Official of the Year. It was wonderful that they were all able to attend to receive their awards with the support of numerous Club members.

~

I urge as many members as possible to join the **"Nippers & Lifesaving @ Peregian Super Sunday"** promotional day at Peregian Club House on Sunday 12th August. It is extremely important that you support the efforts of our JAC Committee, Peregian Volunteers & Peregian Director, Brett Leckie, to ensure this day is successful. There will be Nipper & First aid displays, Surf Sports athletes, the Westpac helicop-

ter display, sausage sizzle and lifesaving & nipper joining information.

~

As you are aware, the Supporters Club is progressing with the refurbishments and to date keeping on schedule even though there have been numerous changes along the way due to unforeseen issues during the demolition phase. However, these have been overcome and lost time made up.

The reopening of the bar is scheduled for early next week barring hiccups with the actual bar completion of the installation.

Patrols recommence in 7 weeks on Saturday 22nd September and the Lifesaving

Director, Roger Aspinall, and the Lifesaving Committee are busy working on the Patrol Roster to allow a few

weeks notice prior to starting. There will be a new system called TEAM APP in place to communicate patrol information. This is very user friendly and is intended to ensure a simpler way to communicate with your Patrol Captain and locate a substitution when needed. More on this in a few weeks.

~

The Club's 90th birthday is fast approaching and is now set for the weekend of the 14th-16th September. Please

try to make yourself available to join in the Saturday's events both on the beach and later in the new Club.

Yours in Lifesaving
Ross Fisher | President

Surf Rescue Certificate & Bronze Medallion for Nipper Parents

Calling all Nipper parents wishing to start the season with their Water Safety or Bronze Medallion certificate.

EXCITING NEWS: a course will be run in September. It can be tailored to individual needs and available times.

EOI form [LINK](#).

Have fun out on the water keeping our nippers safe on Sundays, training sessions and carnivals. Remember that we need a ratio of 1:5. The more water safety we have out there the more children can be in the water.

If you have any concerns about your fitness, please note that the trainers are very flexible and can adapt all contents to suit the individual.

Club Members achievements to be recorded to be recorded Unique Student Identifier (USI)

Members to apply for recognition for units they have previously achieved either through other RTO's (bringing it into use at Surf) and for taking what they have achieve through Surf elsewhere.

All Surf Life Saving club members who undertake courses which are aligned to Nationally Recognised Training (qualifications or units of competency) with SLSQ after 1st July 2018 will need to have your Unique Student Identifier (USI) before we can issue their certificates.

Individuals who already have a USI due to previously applying for one (or those who already completed training with another RTO that created one on their behalf) are to provide that USI. You do not need to create a new USI for each RTO you study with, you just need to update your USI account permissions to allow our RTO to view and update (edit) your details and transcripts.

Individual's who have not yet created a USI will need to do so by visiting : www.usi.gov.au

To create your USI you will need to have some form of identification such as your Driver's Licence/18+ Card, Medicare Card, Birth Certificate or Passport handy as part of the identify verification process. As part of setting up your account, don't forget to give permission to us to view your details and transcript (Organisation - Code 2804, Organisation Name - Australian Life Saving Academy Queensland). Once you have obtained your USI, please update your Member Portal account under Membership Renewal > Education > Unique Student Identifier.

You will be required to include this on your enrolment form (currently paper based but SLSQ is working towards having this online shortly) anytime you undertake a Surf Life Saving Queensland courses.

This now means that the units of competency/qualification you complete with Surf Life Saving Queensland (after 1st July 2018) will start appearing on your USI transcript. Please note that this does not happen instantaneously, the data takes a couple of months to show so please make sure that you keep your certificates safe in the meantime in case you need to prove to your work you are qualified (particularly first aid and resuscitation certificates) or if you are applying for credit transfer/RPL with another RTO.
